

Silfab Modules Qualify for Buy America Act - BAA

Silfab Solar Inc's premium quality, high efficiency solar PV modules [manufactured in Ontario Canada & Bellingham WA] qualify as "American" goods that meet the requirements of the Trade Agreements Act (TAA) making it possible for our partners to contract business with US government agencies and educational institutions purchasing with government funds.

TAA compliance applies to Silfab Solar modules SLA, SLG & SIL certifying that these products qualify as being substantially transformed in an approved country deeming them acceptable under the American Recovery and Reinvestment Act (ARRA) of 2009 and the Buy America Act (BAA) of 1933.

Silfab Solar Inc. products sold and marketed in the United States are compliant with the Trade Agreement Act (TAA) of 2012 having been manufactured and substantially transformed under the North American Free Trade Agreement countries.

View the complete TAA designated country listing based on the Federal Acquisition Regulation (FAR) https://www.fastenal.com/content/documents/2013/02/TAA_CountryList.pdf. To directly access this clause of FAR, please click here: Federal Acquisition Regulation (FAR) 52.225-5, Trade Agreements - https://www.acquisition.gov/sites/default/files/current/far/html/52_223_226.html.
