16H Prime

Compatible storage Inverters with Prime

All installations require a compatible inverter. Using a non-approved inverter will void the warranty provided by LG Energy Solution. See below important instructions when installing and using Prime.

Following list of Inverters are currently compatible with LG Energy Solution home battery, Prime Series. And, Complied with UL1741 and UL9540.

※System (battery and inverter) is UL9540 compliant when the battery is paired with a UL1741 compliant inverter.

[US]

※ More compatible inverters will be added.

 2) To determine the production date of a Solis inverter, please refer to its serial number.
The 8th and 9th digits indicate the year, the 10th digit indicates the month, and the 11th and 12th digits indicate the day of production.
 For example a serial number 10330X023915XXXX would mean that the inverter was produced on 15th September 2023.
